

GROWING THROUGH INNOVATION

COMPANY PROFILE

Established in 1984, Farmcochem is one of the leading companies in the agrochemical and fertilizer industry in Malaysia. We started out as a company focused primarily in the marketing and distribution of agrochemicals and fertilizers. Through years of progressive expansion, we are at present a leading brand, in both the manufacturing and marketing of agrochemicals in Malaysia and overseas.

Farmcochem's main business activity is in the development, production and marketing of agrochemical and fertilizer products. The products which we manufacture and distribute are herbicides, insecticides, fungicides, rodenticides and soil fumigant. Farmcochem also produces various inorganic, organic and foliar fertilizers, plant growth regulators, hormones, surfactant and wetting agents.

The Farmcochem group of companies has more than 150 products registered locally and overseas. The Company services a network of more than 500 dealers throughout Malaysia through its 6 sales offices located in Perak, Selangor, Johor, Butterworth, Kelantan and Sarawak. As part of our regional expansion, we have also established offices in Indonesia, Australia, Hong Kong and China.

Farmcochem is a proud member of the following associations which demonstrates our leadership and commitment towards improving the business community and agricultural industry.

Malaysian CropLife and Public Health Association

Federation of Malaysian Manufacturers

Malaysia Chinese Chamber of Commerce & Industry

Federation Of Chinese Associations Malaysia

Chemical Industries Council of Malaysia

Malaysia External Trade Development Corporation

Our Vision

To deliver high quality products and services to meet the needs and requirements of all stakeholders

Our Mission

To be the leading company in the regional agricultural industry by providing total crop management solutions and services

Our Core Values

INTEGRITY

We are trustworthy and honorable

INNOVATION

We develop creative solutions and constantly strive to improve on our execution

EXCELLENCE

We deliver what we promise and add value beyond what is expected

COMMITMENT

We are committed to building productive and long term relationships with all our stakeholders

MANAGEMENT & AWARDS

OUR KEY MANAGEMENT TEAM

We have a team of talented individuals from diverse backgrounds on our management team. With their leadership skills, extensive experience and high level of dedication, the team sets out to achieve Farmcochem's aim of becoming a regional leader in the agrochemical industry.

Mr Chey That Woon	Chief Executive
Mr Voon Chee Kheong	Managing Director
Mr Ricky Chey	Executive Director
Mr PK Chong	Senior Marketing Manager
Mr Puah Yaw Nan	Sales Manager
Ms Hong Guat Foon	Finance & Accounts Manager
Mr Lim Wai Mun	Senior Operations Manager

PRODUCTION CENTRES

FERTILIZER AND AGROCHEMICAL MANUFACTURING & FORMULATION

Farmcochem is an ISO 9001:2008 certified manufacturer operating three production centres in Malaysia and China. The fourth production centre focusing primarily on fertilizer products is expected to commence production in 2010.

Our factories are equipped with modern production and repacking facilities to ensure that our products are manufactured under strict quality control throughout the production cycle – starting from the time raw materials are delivered to our production sites to the time products are delivered to our customers.

We also produce fertilizers under our in-house label in our production centre in Ipoh. Our fertilizers include NPK Compound, Mixtures, Bulk Blends, Organic Fertilizers and Foliar Fertilizers.

Besides fertilizers, we also produce plant growth regulators, hormones, surfactant and wetting agents.

LOCATION	ACTIVITIES	CAPACITY
HENAN China	Synthesis and formulation of Glyphosate products	<ul style="list-style-type: none"> • 5,000MT of Glyphosate Technical 95%
IPOH Malaysia	Formulation and repacking of various agrochemicals	<ul style="list-style-type: none"> • 5000MT of Glyphosate IPA • 4000MT of Paraquat Dichoride
IPOH Malaysia	Manufacturing of NPK Compound, Mixtures, Bulk Blends, Organic Fertilizers and Foliar Fertilizers	<ul style="list-style-type: none"> • 20,000MT of various fertilizer products
JIAXIN China	Manufacturing of Magnesium Sulphate (Kieserite)	<ul style="list-style-type: none"> • 30,000MT of Magnesium Sulphate

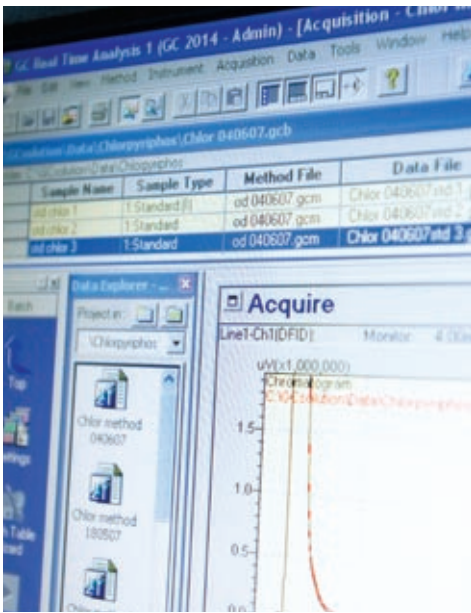

PRODUCT DEVELOPMENT

NEW PRODUCT DEVELOPMENT

One of Farmcochem's core competencies is in the area of product development. We work closely with industry experts locally and overseas to produce and develop new formulations which are highly efficacious and safer for the crops and the environment. The development of high quality formulations is reflected in Farmcochem's product range.

"We develop new formulations which are highly efficacious and safer for the environment."

QUALITY ASSURANCE

“Each step in the production process is continuously monitored and certified.”

OUR COMPLETE QUALITY ASSURANCE

The Quality Control in Farmcochem represents a fundamental step in all production process and is carried out and controlled by our laboratory throughout the whole manufacturing cycle. Each step in the production process is continuously monitored and certified. Careful checks and controls are in-place for all raw materials delivered to the factories. The relevant certificate of analysis and Quality Control certificates are endorsed for every production batch before the products are shipped.

ISO 9001:2008 CERTIFICATION

As an ISO 9001:2008 certified manufacturer, we have established and implemented a comprehensive Quality Management System that addresses all areas of Operations – from staff training practices to product development, manufacturing, delivery, and service. This certification is the culmination of years of hard work, consistent top-quality products, and leadership of the staff of Farmcochem.

We believe that our decision to become ISO 9001:2008 Certified is a proactive one that not only anticipates the demands of our customers but also demonstrates our commitment to producing the highest quality products and services.

TECHNICAL ADVISORY & SUPPORT

OUR **TECHNICAL SERVICES TEAM**

Farmcochem is committed to providing comprehensive crop management solutions and services to our customers. We have a dedicated Technical Services responsible for product development, field trials, training and education. We also provide technical support to our network of more than 500 dealers throughout Malaysia and around the region. We have also established a 24-hour customer hotline to ensure that our customers needs and queries are attended to around-the-clock.

Our Technical Services team also offers our customers professional agronomic advisory and consultation services. These services include the soil and foliar analysis, fertilizers recommendations, pesticides applications and general estate management.

“We provide technical support to our network of more than 500 dealers throughout Malaysia and around the region”

PACKING, WAREHOUSING & SHIPPING

To ensure we meet our customer's expectations, we have a comprehensive in-house logistic management system. All our products undergo strict packing standards and are then sent to our warehouse for a thorough pre-shipment inspection before being delivered to our customers.

"All our products undergo strict packing standards and a thorough pre-shipment inspection."

OUR PRODUCTS

TECHNICAL GRADES

Product	w/w %	Formulation
Glyphosate	95%, 62%	Technical
Paraquat Dichloride	42%	Technical
Glufosinate Ammonium	95%, 50%	Technical
Ethephon	70%, 40%	Technical
Chlorpyrifos	98%	Technical
Imidacloprid	95%	Technical
Emamectin Benzoate	90%	Technical
Triclopyr	96%	Technical
Fluroxpyr	95%	Technical

KEY RICE CROP FORMULATIONS

Product	w/w %	Formulation
Metsulfuron-methyl	20%, 60%	WDG
Bensulfuron-methyl	60%	WDG
Metsulfuron-methyl + Bensulfuron-methyl	1.75% + 8.25%	WP
Bispyribac-sodium	20%	WP
Propanil	60%	WDG
Quinclorac	80%	WDG
Imidacloprid	70%	WDG
Cyhalofop-butyl	10.1%	EC
Propanil + Triclopyr	36% + 7.2%	EC

OTHER FORMULATIONS

Product	Formulation
Triclopyr	EC
Fluroxypyr	EC
Propanil	EC
Abamectin	EC
Emamectin Benzoate	EC
Imidacloprid	SL
Monocrotophos	SL
Quinalphos	EC
Cypermethrin	EW
Chlorpyrifos	EC
Deltamethrin	EC
Permethrin	EC
Alphacypermethrin	EC
Alphacypermethrin + Chloripyrifos	EC
Chlorpyrifos + Cypermethrin	EC
Lufenuron	EC

FERTILIZERS

Product	Formulation
FertyMax - Blue	NPK Compound 10 - 10 - 13 - 2 + TE + Zeolite
FertyMax - Purple	NPK Compound 9 - 0 - 22 + TE + Zeolite
FertyMax - Red	NPK Compound 11 - 5 - 20 - 2 + TE + Zeolite
Bulk Blend	12 - 12 - 17 - 2 + TE
Bulk Blend	12 - 6 - 22 - 3 + TE
Humic-Gro	Organic Fertilizer 8 - 8 - 8 - 3
Humic-Fert	Organic Fertilizer 5 - 5 - 5 - 3
Biofeed	Seaweed based foliar fertilizer
CY 787	Plant Growth Regulator
